MEMORANDUM FOR: Assistant Director for Communications

SUBJECT : Personnel Recruitment and Processing

1. Your recent memorandum requesting priority handling for your applicant cases has been referred to the Director of Security who has advised that, after coordinating the matter with the Deputy Assistant Director for Personnel, he has taken the necessary action to expedite the security processing of your professional-type applicant cases opened during the next 60 days.

2. As you are aware, certain factors are present which place a definite limitation upon the amount of time that security processing can be decreased. However, the Director of Security has advised that by expediting these cases it is believed the time required for security processing can be decreased to an average ranging between 60 and 70 days.

3. In the event that you experience difficulty in certain individual cases already in process, it is suggested that you contact the Security Office which will render such aid as is feasible on an individual case basis.
